

# One Motor Lift

## Motorized Lift Mechanism

---

The ultimate in reclining chairs with near-zero-wall capability

---

### Styling and Design

- Spring-loaded Ottoman
- Maximum seat elevation with superb stability in full-lift position
- Easy-to-use hand control
- Wide-stance construction provides greater side-to-side stability
- Unitized system for greater strength, durability, and rigidity
- Mid-Ottoman brackets meets CPSC standards
- Mid-Ottoman tubes available for Chase Applications

### Performance and Engineering

- Fits same frame as manual zero wall, glider, or rocker
- Durable steel base and cross supports
- Fingertip motion control with infinite recline positions
- Optional K.D. back system for easy back removal and handling
- Engineered bushings and washers at pivot points provide quiet, smooth operation and durability
- Direct-drive activation synchronizes right and left sides for easy opening
- Long Life™ mechanism has been field-tested and proven by L&P testing facility
